***“Strengthening of Regional Tripartite
Councils in Lithuania”***

**Lithuanian Confederation of
Industrialists**

The project will include close cooperation between the promoter (Lithuanian Confederation of Industrialists) and cooperating entities from Norway (Confederation of Norwegian Enterprise) and Lithuania (Lithuanian Trade Union Confederation, Lithuanian Trade Union Solidarity, Lithuanian Labour Federation and the Public institution Lithuanian Innovation Centre).

The overall objective is strengthening social dialogue between employers, employees and public authorities in Lithuania.

Objectives

- Strengthen regional Tripartite Councils in Lithuania
- Foster effective interactions between the National Tripartite Council and Regional Tripartite Councils in Lithuania
- Adopt good practices of Norwegian social dialogue and transfer them to Lithuania

Activities

- Visit to project partners in Norway in order to develop bilateral relations and absorb best experience of social dialogue and decent work
- After the study visit to Norwegian partner the group of representatives from Lithuania will organise 10 round tables with different Regional Tripartite Councils in Lithuania in order to reinforce them for action and to find reasonable mechanisms for solving the problems

Expected results

- Tripartite dialogue in Lithuanian regions strengthened
- Intense cooperation between the National Tripartite Council and Regional Tripartite Councils in Lithuania encouraged
- Experience with Norway exchanged and the most useful solutions for Lithuanian social dialogue suggested

Motivation

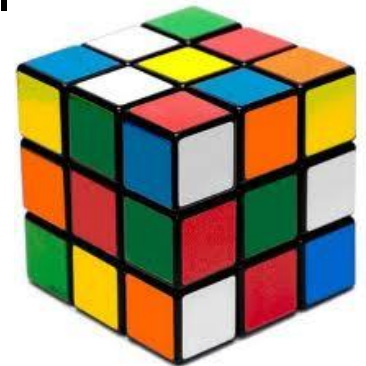

Social partners – a strong voice both in solving problems related to the work environment and broader issues

Challenges

Awareness of sociability, cooperation and social responsibility benefits

One group of interest – different opinions

Lack of traditions
