

# Promotion of tripartite social dialogue in Jonava

## Achema Trade Union

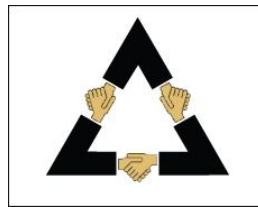

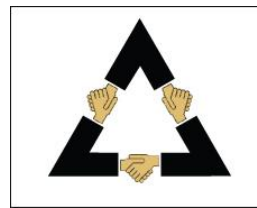

INNOVATION  
NORWAY

# Problems

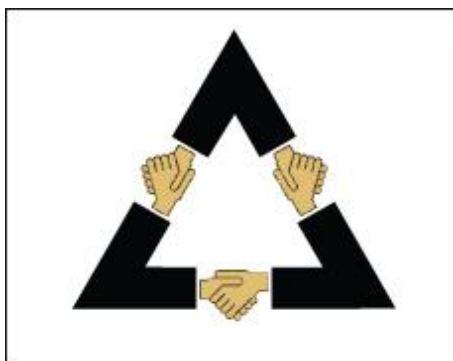

- The Labour Code and the Draft of the Law on prohibition of illegal work is the base for decent work development in the country. Lithuania meets challenges such as low rate of membership in Trade unions and employer's organizations, little focus on decent work, not balanced social dialogue, protecting workers from abusive practices. Statistical data shows low average number of members in trade unions and in employers organization.
- It was not agreed on any tripartite sectoral or regional agreement in LT. The number of collective agreements **in LT is least in European level.**
- Low understanding of decent work agenda and integration of its strategic objectives in Jonava region is caused by gap of knowledge and capacities of social partners on social dialogue, there are no established tripartite social dialogue structures in the region, lack of information for society on decent work and tripartite social dialogue.

---

The strategic objective of the Project  
is to develop tripartite dialogue  
structures in order to improve social  
partnership in Jonava region

# Activities

- Development of research on problems and needs/interests of social partners on decent work and social dialogue in Jonava region. By research recommendations on improving the social dialogue in Jonava region and implementing principles of decent work will be performed.
- Organizing training for social partners on social dialogue and decent work. 2 days training on social dialogue and decent work topics will be organized for members of stakeholders.
- Transferring national and international social dialogue know-how for social partners in Jonava region. The study visits will be organized: (1) to other regions in LT meeting tripartite committees; (2) to Norway for meeting and discussing with Norwegian trade unions.
- Dissemination of principles of decent work agenda and project results for groups of interests. Measures: informational seminar, final conference of the project, creation of website of project; the reports for local TV.
- Establishment of Tripartite committee. The Tripartite Committee will be established as non profit organization and will work closely with Council of Jonava District Municipality.
- Organizing negotiations for tripartite social dialogue and tripartite regional agreement on decent work and social dialogue in Jonava region. The 4 round tables will be organized by partners in the region. The draft of regional collective agreement for tripartite social dialogue will be prepared.
